

Price List 2026

Version 1

Based in Halifax, West Yorkshire, we at Chiara pride ourselves on our experienced team who share a wealth of lighting knowledge and offer quality lighting solutions and design.

Our product range has been carefully selected with our core values in mind – quality and affordability. We understand that every project is different, whether that be design or budget, and requires its unique combination of products. With the support of our project and design teams, we are confident we can offer a bespoke lighting package to suit.

Our team are on hand to support with any enquiries, from design support to placing an order and right through to technical support. Please get in touch to discuss your next project and how we can support.

ArchPro Small Diameter Architectural Downlights	4-9
NEKO Innovative Architectural Lighting	10-17
TradePro Commercial and Industrial Lighting Range	18-23
230v Track 3-Phase Modular Track System	24-29
48v Track Low Voltage Modular Track System	30-35
Emergency Self-test and DALI Emergency Lighting	36-39

Introducing The ArchPro

A discreet profile with deep recessed baffle for optimum glare control and comfort, modular construction for tool-free maintenance with interchangeable light source. Ideal for hospitality, residential and leisure applications.

ArchPro
Mini Architectural Downlight
